REASONS FOR ALLOWANCE

1. The following is a statement of reasons for the indication of allowable subject matter: The subject matter for the independent claims could not be found or was not suggested in the prior art. The subject matter not found was an implantable gastric stimulator that classifies sensed intrinsic gastric activity as normal or abnormal and then delivers the electrical stimulation when the sensed gastric activity is classified as normal in combination with the other limitations of the claim. The closest prior art Cigaina (U.S. Pat. 5,423,872) fails to sense and classify the activity as normal or abnormal and then deliver the therapy when the activity is classified as normal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to REX HOLMES whose telephone number is (571)272-8827. The examiner can normally be reached on M-F 9:00 - 5:00.
